Bank Name:

Bank Addr:

Bank City:

Bank State:

Subject Wal-Mart

Greetings,

As a consumer I would urge the FDIC to approve Wal-Mart's 'Wal-Mart Bank Federal Deposit Insurance Application.'

It appears that much of the objection is not based on the application being considered but on speculation of what may or may not happen at some time in the future.

I am retired, on a minimum income, not an Wal-Mart stockholder, but we do purchase our day to day needs there. Primairly because of their low cost.

The application is needed by Wal-Mart in order to decrease their credit card processing costs. This is a very appropriate need.

I urge the FDIC to approve the application.

If this message was sent to the wrong division of the FDIC, would you please forward it to the correct division.

Thank You,

Respectfully,

Roger Hutflesz
